

Report of the Consultative Group to the President of the Human Rights Council relating to the vacancies of mandate holders to be appointed at the forty-third session of the Human Rights Council

Addendum: Six additional vacancies

31 January 2020

I. Background

1. In paragraph 47 of the annex to its resolution 5/1, the Human Rights Council decided to establish a Consultative Group comprised of Permanent Representatives identified by Regional Groups and serving in their personal capacity. The Consultative Group is mandated by the Council to propose to the President a list of candidates who possess the highest qualifications for the mandate in question and meet the general criteria and particular requirements. Recommendations to the President of the Human Rights Council are required to be made public and substantiated pursuant to paragraph 50 of the annex to resolution 5/1.

2. The members of the Consultative Group for the selection of mandate holders to be appointed at the forty-third session of the Human Rights Council (24 February to 20 March 2020) are: H.E. Ms. Kadra Ahmed Hassan (Djibouti), Mr. Abbas Kadhom Obaid Al-Fatlawi (Iraq), H.E. Mr. Ernesto Massimo Bellelli (Italy), Mr. Alejandro Dávalos (Ecuador) and H.E. Ms. Oxana Domenti (Republic of Moldova). The working cycle of the current Consultative Group commenced on 1 April 2019 and will end on 31 March 2020, pursuant to paragraph 1(b) of Council decision 30/115. The Group held its initial organizational meeting on 30 May 2019.

3. A total of 19 mandate holder vacancies are to be filled at the forty-third session of the Human Rights Council. Of the 19 vacancies, 13 were initially foreseen. Five additional posts arose due to the decision by the Human Rights Council, its resolution 42/23 of 27 September 2019, to establish a new five-member Expert Mechanism on the Right to Development. One additional vacancy – that of the Special Rapporteur on the negative impact of unilateral coercive measures on the enjoyment of human rights – also was not initially foreseen and arose due to the resignation of the current mandate holder, Mr. Idriss Jazairy, on 9 December 2019.

4. In its letter dated 6 January 2020, the Consultative Group informed the President of the Human Rights Council of its decision to present its report with recommendations relating to the 13 initially foreseen vacancies one month before the beginning of the session in accordance with paragraph 47 of annex to Council resolution 5/1, to be followed by an addendum to its report covering the remaining six unforeseen vacancies. This was necessitated by the very short time available for launching the calls for applications and the finalization of the interview process.

5. Accordingly, on 23 January 2020, the Consultative Group presented its main report to the President of the Human Rights Council with the list of recommended candidates proposed by the Consultative Group for the 13 mandates initially foreseen.

6. The present addendum to the report, which should be read in conjunction with the main report of the Consultative Group dated 23 January 2020, contains the recommendations of the Consultative Group in relation to the following six remaining mandates:

1. **Expert Mechanism on the Right to Development (EMRTD), member from African States**
2. **Expert Mechanism on the Right to Development (EMRTD), member from Asia-Pacific States**

3. **Expert Mechanism on the Right to Development (EMRTD), member from Eastern European States**
4. **Expert Mechanism on the Right to Development (EMRTD), member from Latin American and Caribbean States**
5. **Expert Mechanism on the Right to Development (EMRTD), member from Western European and other States**

II. Process

7. The application period for the submission of applications for the five members of the Expert Mechanism on the Right to Development (EMRTD) was from 10 October to 21 November 2019. The application period for the submission of applications for the Special Rapporteur on the negative impact of unilateral coercive measures on the enjoyment of human rights was from 17 December 2019 to 14 January 2020.

8. The Consultative Group considered 42 individual applications from 42 eligible candidates submitted for the aforementioned 6 additional vacancies in accordance with the relevant paragraphs of Human Rights Council resolution 16/21. The applications of the eligible candidates were made public on the designated web page¹ of the Office of the United Nations High Commissioner for Human Rights (OHCHR) as provided for in paragraph 22 (b) of the annex to Council resolution 16/21 (see annex I of this report).

9. The Consultative Group followed the same methodology as for the vacancies covered in its main report dated 23 January 2020. Reference is made to paragraphs 11, 13, 14, 15, 16, 18 and 19 of section II entitled “Process.”

10. The Consultative Group held eight formal meetings, including two with interpretation, on 16, 17, 20, 21 and 22 January 2020 to consider and interview candidates for the aforementioned six additional vacancies. Due to the number of unforeseen vacancies and the overall extremely high number of interviews to be conducted in this selection round, a series of work-related scheduling conflicts arose for some members of the Consultative Group. Consequently, the chairing arrangements were decided by the Consultative Group on the basis of the availability of its members. The chairing arrangements for the specific mandates under consideration are noted below.

11. Based on the decision of the Consultative Group on the actual or perceived conflict of interest that may arise when a member of the Group has the same nationality as an eligible candidate, H.E. Mr. Ernesto Massimo Bellelli (Italy) did not participate in the shortlisting of the candidates to be interviewed for the mandate of the EMRTD member from Western European and other States. In view of the fact that the candidates from Italy were not shortlisted, Mr. Bellelli subsequently took part in the interview process.

12. The Consultative Group held a total of 25 interviews with 25 shortlisted candidates for the six aforementioned mandates (see annex II of this report for the list of interviewees per mandate). These interviews occurred on 16, 17, 20, 21 and 22 January 2020, pursuant to paragraph 22 (c) of the annex to Human Rights Council resolution 16/21. Each candidate was asked similar questions based on the relevant provisions of Council resolution 5/1, decision 6/102, resolution 16/21 and Council resolutions relating to the specific mandates under consideration.

13. Fluency in one of the two working languages of the United Nations was also assessed by the members of the Consultative Group for all candidates.
