

**INTERNATIONAL COORDINATING COMMITTEE
OF NATIONAL INSTITUTIONS FOR
THE PROMOTION AND PROTECTION OF HUMAN RIGHTS**
17th Session, Geneva, 12 April 2006

Report and Recommendations of the Sub-Committee on Accreditation¹

BACKGROUND

1. In accordance with the Rules of Procedure of the International Coordinating Committee of National Institutions for the Protection and Promotion of Human Rights (ICC), the Sub-Committee on Accreditation (the Sub-Committee) has the mandate to consider and review applications for accreditation received by the National Institutions Unit of the Office of the United Nations High Commissioner for Human Rights (OHCHR) in its capacity as the ICC Secretariat, and to make recommendations to the ICC members with regard to the compliance of applicant institutions with the Paris Principles.
2. Representatives of the national institutions of Canada (Chair), Denmark, Fiji and Nigeria, as members of the Sub-Committee and as representatives of their respective regions, convened on 10 and 11 April 2006. The OHCHR participated as a permanent observer and in its capacity as ICC Secretariat.
3. Pursuant to article 3 (c) of the ICC Rules of Procedure, the Sub-Committee considered applications of institutions of Armenia, Burkina Faso, Egypt, El Salvador, Jordan, Namibia, Nicaragua, Northern Ireland, Norway, Puerto Rico and United Kingdom of Great Britain and Northern Ireland. Pursuant to article 3 (g) of the ICC Rules of Procedure, the Sub-Committee considered the accreditation status of the national institutions of Madagascar, Nepal and Niger.
4. In accordance with the Paris Principles and the ICC Rules of Procedure, the different classifications for accreditation used by the Committee are:
 - A:** Compliance with the Paris Principles;
 - A(R):** Accreditation with reserve – granted where insufficient documentation is submitted to confer A status;
 - B:** Observer Status - Not fully in compliance with the Paris Principles or insufficient information provided to make a determination;
 - C:** Non-compliant with the Paris Principles.

¹ Adopted by the members of the International Coordinating Committee on 12 April 2006.

5. After considering all applications, the Sub-Committee presents this report for consideration of the members of the ICC at its seventeenth session. The report provides the recommendations of the Sub-Committee.
6. The Sub-Committee received an unprecedented number of applications for review. It was successful in considering them all. In the interests of time and efficiency, the Sub-Committee has decided to make its report to the ICC in a format which focuses exclusively on its final recommendations.
7. During the first day of deliberations, the Sub-Committee received oral representations on behalf of the national institutions of Nepal, Niger, and Egypt. The Sub-Committee was of the view that institutions being reconsidered under article 3 (g) of the ICC Rules should have the opportunity to make oral representations. The Sub-Committee would like to thank those interveners for attending and providing further contextual information with respect to the applications of these institutions. The Sub-Committee considered whether the practice of direct oral presentations is one that would continue to be encouraged and/or permitted. On balance, the Sub-Committee has decided that, given the pressures of time and the growing number of applications, this practice is not sustainable. It is believed that the right to be consulted, as contemplated by the ICC Rules article 3 (d) and (e) is fully complied with by the opportunity to make written submissions.
8. The Sub-Committee would also like to acknowledge the high degree of support and professionalism of the staff of the ICC Secretariat which was greatly appreciated.
9. In accordance with the ICC Rules of Procedure, the Sub-Committee encourages all accredited national institutions to advise the ICC at the first available opportunity of any change in their circumstances that would impair their ability to meet the standards and obligations of the Paris Principles.
10. The decisions on the applications are as follows:
