Introduction

Countries worldwide, are facing, these days, a critical situation, due to the outbreak of the Corona virus “Covid-19”, that has spread at an unprecedented speed, across the 5 continents, creating major crises in various vital sectors.

Although the State of Qatar is taking the necessary measures to control its domestic situation, and, protect it from the Corona epidemic, and, its repercussions on various sectors, it has not forgotten its role and its humanitarian duty towards brotherly and friendly countries, and harnessed all efforts to provide aid and support, to those in need, affirming its solidarity and standing by them, during this crisis.

Since the beginning of the spreading of “Covid-19”, the State of Qatar has provided urgent medical aid to nearly 78 countries in order to help them confront this crisis, thus reducing the consequences of this epidemic, while expanding the circle of combating the virus, around the world.

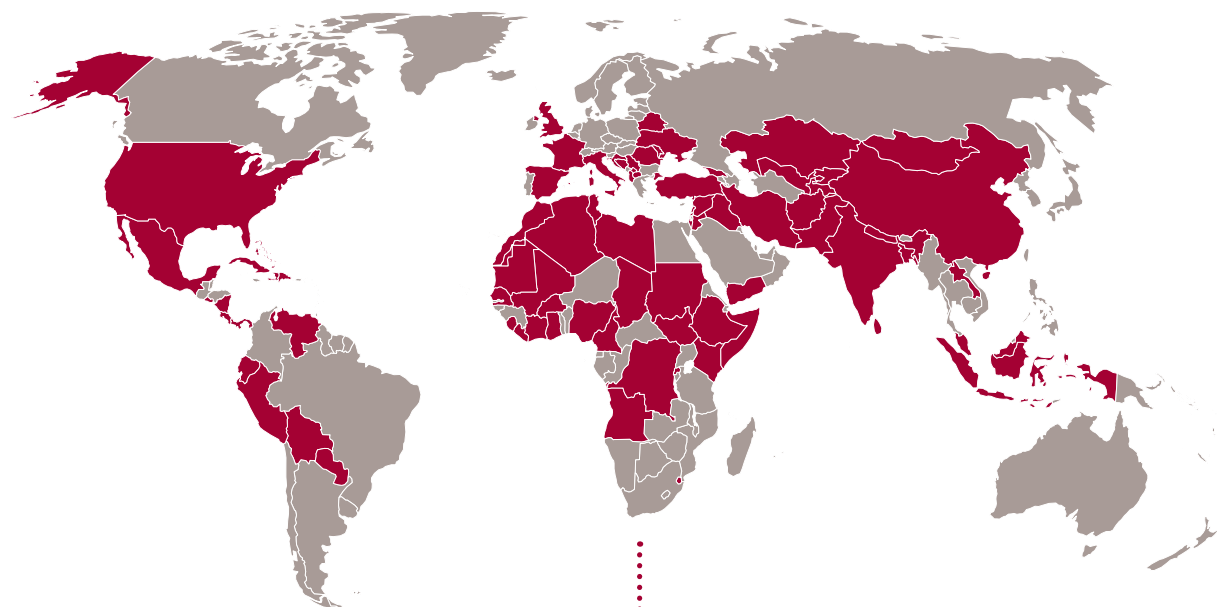

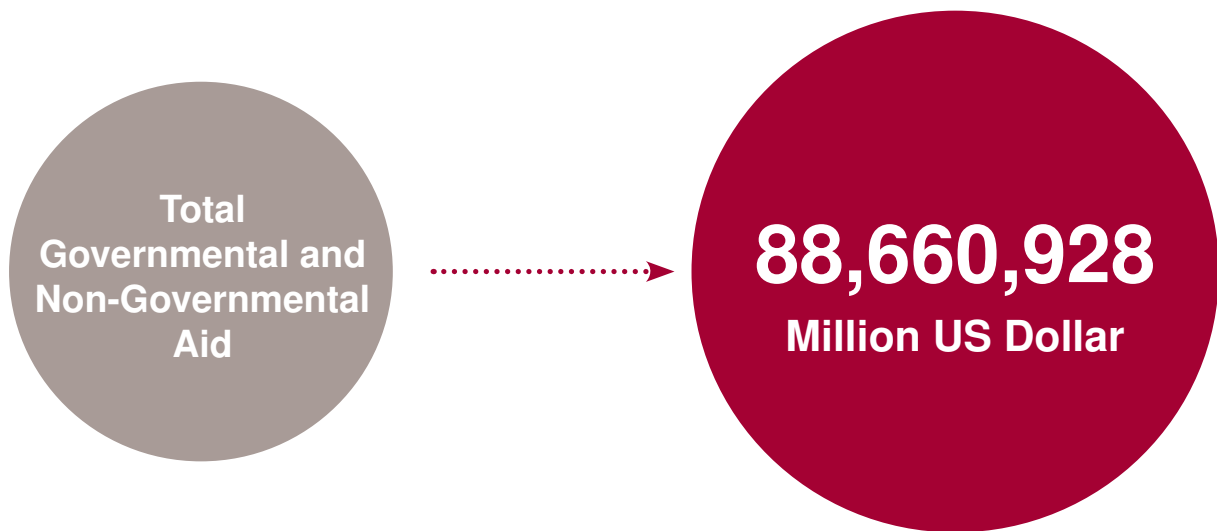

Various authorities in the state have extended their full support, such as the Ministry of Foreign Affairs, the Ministry of Defense, the Qatar Fund for Development, charitable organizations and the private sector, to deliver this aid to the needy countries promptly and, efficiently, in cooperation with the embassies and foreign missions of the state.

Despite the circumstances, Qatar Airways played a pivotal and prominent role in the delivery of this aid, and was able to transport one million stranded people across the world, and managed to fly them home safely. Qatar Airways received international praise from governments around the world.

With its sense of humanitarian duty and obligation, the state of Qatar continues to provide aid to needy and affected countries.

To shed light on these humanitarian efforts, we present this report and statistics regarding Qatari governmental and non-governmental aid to the affected brotherly and friendly countries, to help them overcome the effects of this pandemic.
