

My name is Gabriel Eduardo, I live in Brazil, I am 28 years old, I am black, I was part of the delegation that was the Youth Assembly in 2018 and I would like to register as a speaker for the 26th session of the Working Group of experts on people of African descent (Latin America and the Caribbean).

In this last period, Brazil lives a period of denial of racism, generating unfortunate facts for the country, such as the death by beatings of a 40-year-old black man in a supermarket. We want to denounce and defend the defense of black lives even in this serious period of regression in which we are living.

Thanks in advance.
