Muslims in Spanish Internet

The discurs about Muslmims in the Internet in Spanish is "superficial and tendentious" and "they are constructed as a 'they' opposed to 'us'".

75% of the mentions about the Islamic veil have to do with conflict and it is shown as an impediment to coexistence.

[La imagen de los musulmanes en el Internet](#) de Manuel Alcántara-Plá y Ana Ruíz-Sánchez (UAM), *Lodz Papers in Pragmatics*, 2018.
