

STARLIGHT STADIUM

ONLINE LEARNING GAME ON HUMAN
RIGHTS MONITORING, SAFETY AND
SECURITY

1 OCTOBER 2019, 13:00-15:00 -
ROOM XXI, PALAIS DE NATIONS

A SAFE SPACE TO LEARN: GAMIFYING HUMAN RIGHTS MONITORING SKILLS

DEMO SESSION - OHCHR SOCIAL FORUM
2019

Bring
your
laptop!

COME TEST AND DISCUSS AN ONLINE LEARNING GAME
THAT SENDS YOU ON A VIRTUAL HUMAN RIGHTS
MONITORING MISSION IN A FICTIONAL COUNTRY, WHERE
YOU WILL GRADUALLY LEARN AND APPLY THE CORE
SKILLS NEEDED TO INVESTIGATE HUMAN RIGHTS
VIOLATIONS I.E. MONITORING, DIGITAL SECURITY, DATA
COLLECTION, INTERVIEWING AND MUCH MORE.

The OSCE Office for Democratic Institutions and Human Rights (ODIHR) and Benetech are delighted to present their newest digital tool, Starlight Stadium, during an interactive demo session at the Social Forum.

Making use of new communication technologies and grounded in scientific understanding of modern learning, Starlight Stadium's digital approach will help removing barriers to accessing quality human rights education and bridging the youth to the human rights world.

During the demo session participants will learn about the educative potential of this digital tool for HRDs and the inclusive and collaborative process that stands behind its creation. Together, we will run a demo of Starlight Stadium and discover its features.

Participants are strongly encouraged to bring their own laptops in order to make the most of this demo.
