Relevant educational qualifications or equivalent professional experience in the field of human rights, and good communication skills (i.e., orally and in writing) in one of the six official languages of the United Nations (i.e., Arabic, Chinese, English, French, Russian, Spanish).

Je suis essentiellement qualifiée en AGRICULTURE, avec un diplôme d'ingénieur obtenu en 1980 et une pratique professionnelle consacrée à ce secteur, comme formatrice pour adulte puis comme agricultrice en tant qu'éleveuse de volailles en vente directe. L'agriculture est un champs très vaste, notre formation abordait la base des droits professionnels comme ils se présentent en France. La formation sur les droits humains internationaux est venue par la pratique lors du processus de négociation de l'UNDROP avec mon organisation paysanne (LVC).

Mon expérience syndicale à la Confédération paysanne et à ECVC comme membre des bureaux exécutifs m'ont amené à accomplir de nombreuses tâches , à rencontrer de nombreuses personnes dans le monde associatif, professionnel, politique pour la réalisation de projets communs. Cela a servi autant à la formation sur le fond de la question agricole qu'à l'amélioration de ma pratique en anglais et espagnol et à la communication en général.

2. RELEVANT EXPERTISE (200-word limit)

Knowledge of international human rights instruments, norms and principles (please indicate how this was acquired). Knowledge of institutional mandates related to the work of the United Nations or other international or regional organizations in the area of human rights, and particularly in the area of the mandate (please indicate how this was acquired).

Proven work experience in the field of human rights and particularly in the area of the mandate (please indicate years of experience).

les questions agricoles et les politiques publiques qui en traitent que les questions de droits. C'est une expertise liée à la pratique , à l'implication dans les négociations au niveau européen sur la Politique agricole commune, national et local sur l'application de ces politiques qui a montré l'intérêt d'une approche par les droits pour faire reconnaître les besoins des producteurs les plus modestes qui sont mal (voire pas du tout) pris en compte dans les politiques publiques, de même que les consommateurs pauvres privés d'un accès décent à la nourriture. Le Pacte des droits économiques , sociaux et culturels , et le droit à l'alimentation sont des instruments fondamentaux pour l'émergence de l'Undrop.

3. ESTABLISHED COMPETENCE (200-word limit)

Nationally, regionally or internationally recognized competence related to human rights (please explain how such competence was acquired).

Au niveau local, national , et international - ce qui constitue une forme de reconnaissance de la compétence acquise.

III. MOTIVATION LETTER, INCLUDING YOUR VISION OF THE MANDATE

600-word limit. Must be typed in the space below. Cannot be sent in a separate email or as an attachment. To be written by the candidates themselves, even if nominated by an other stakeholder.

Éleveuse de volaille dans une ferme familiale dans le Sud de la France , je me suis engagée dans la Confédération paysanne, syndicat français de défense des paysans , puis à la Coordination européenne Via campesina qui regroupe des organisations similaires au niveau européen, et est membre du mouvement paysan international la Via campesina. Les activités ont été, et sont nombreuses pour la défense des paysans et paysannes.

Informée du processus engagé au Conseil des droits de l'Homme, j'ai été invitée à contribuer au premier groupe de travail intergouvernemental en juillet 2013 (OEIWG) afin de présenter la situation des paysans européens, qui connaissent de grandes difficultés de revenu, d'accès à la terre et au crédit pour les jeunes et nouveaux entrant et font face à de très grandes entreprises agro-alimentaires ou détaillants , comme dans toutes les parties du Monde. J'ai ensuite pu participer à toutes les étapes de négociation de la Déclaration des droits des paysans et autres personnes travaillant en zone rurale (UNDROP) et renforcer mes connaissances sur les questions de droit international, de traités, conventions et autres textes existants qui permettaient d'assoir le projet d'UNDROP sur une base juridique solide. Nous avons aussi effectué des activités de plaidoyer auprès de nos gouvernements afin de les informer de la pertinence de la déclaration, y compris dans le cadre de l'agriculture européenne modernisée. Cette modernisation à outrance montre aussi ces limites, notamment environnementales, et il existe aussi des grands problèmes sociaux d'inégalité, d'emploi et d'accès à l'alimentation.

Dans une période de perturbations climatiques ,d'atteintes à notre environnement, de crise alimentaire et sociale, je suis persuadée que le développement d'une agriculture riche de nombreux paysans et paysannes est une clé pour un avenir plus juste et durable.

Pour cela, il faut que tous les pays mettent comme priorité de faire respecter les droits des producteurs les plus modestes, impliqués dans leurs communautés locales et plus à même de résister aux perturbations diverses et d'alimenter les populations en toutes circonstances dans une approche territoriale.

Je vois le mandat comme un engagement dans un travail collectif avec l'ensemble des membres du groupe de travail et du secrétariat, avec une solide réflexion pour fixer les priorités d'action , et un important travail de terrain avec les populations concernées. L'engagement des personnes concernées est indispensable afin que les textes et documents produits soient porteurs de solutions pour les personnes affectées, et contribuent à l'avancée réelle des droits. Cela implique pour les membres du groupe de travail de renforcer nos connaissances des situations particulières dans les différents pays et régions, et d'engager des démarches collectives pour renforcer les groupes d'agriculteurs et agricultrices et les populations rurales afin d'obtenir l'appréhension par les intéressés eux-même de leurs droits comme paysan et paysanne , pêcheur ou travailleur agricole et autres ruraux, et leur permettre l'utilisation effective de ces droits dans leurs situations particulières.

Inversement , le travail consiste aussi aussi à informer les gouvernants des impacts de leurs politiques sur les populations et d'inciter à améliorer les outils législatifs le mieux à même de renforcer les populations rurales.
