

Internationale Gemeinschaft für die Unterstützung von Kriegsoffizieren e.V.
International Supporting Association for War Victims
(ISAWV)

ladies and gentlemen

the physical structure of a person, including the bones, flesh, and organs. gets sick, gets damaged, gets old.

Humans need support and help the most in two stages of life: one is childhood and the other is old age. In childhood, the child has the full support of his parents and they provide for all his needs. Now we have to see what should be done in old age, maybe at this stage of life, each of the children is busy with their own lives and has stopped supporting them.

Today, the older persons look at these meetings, which may be able to open a knot of problems in their old age, and today we are gathered here, and maybe after this meeting, we will return to our homes and continue our normal lives without thinking about this meeting. let's do it.

Ladies and gentlemen

The crises in the world affect all people and are debilitating and can have severe consequences for the economic and social well-being of people, especially the old people.

Social crises disproportionately harm old people, such as natural disasters, infectious diseases, or climate change, given that older people have limited capacity and tools to protect themselves from shocks and recover from the effects. They are the most harmed to these people.

Today, you should approve an executive and operational plan for older persons so that some of their pain may be reduced.

Internationale Gemeinschaft für die Unterstützung von Kriegsoffizieren (ISAWV) announces its readiness to implement executive plans and proposes the following method.

- 1- Establishing a monetary fund to support older persons.
- 2- Creating free recreational and therapeutic flights for seniors over 75 years old around the world.
- 3- Free medical insurance for all seniors over 75 years' old who do not have insurance in their country.
- 4- Establishing an old people exchange center between countries.
- 5- the declaration of support for the older persons and their protection in the member countries' internal and external conflicts and wars.
- 6- Isawv declares its readiness to implement paragraphs 1, 2, and 3 free of charge within the legal framework and with the support of the United Nations.
