To Whom It May Concern:

We fundamentally disagree with the radical and unscientific transgender ideologies that underpin your request for submissions for your thematic report on Gender, Sexual Orientation and Gender Identity. We believe that the very questions and definitions you use illustrate a gross overstepping of your mandate.

We believe that the leading questions and rhetoric used in your call for submissions demonstrate a clear bias in favor of radical sexual and gender theories and policies, which have been rejected by a large grouping of UN Member States on multiple occasions.

We support the protection of all fundamental human rights of all persons regardless of sexual orientation and gender identity. Your report, however, is clearly aimed at, among other things, advancing radical gender theories and ideologies that seek to erase all differences between men and women and undermine the hard-earned gains for women in the area of human rights.

We are concerned that the Independent Expert on SOGI is actively trying to identify individuals, groups and countries that do not accept his ideology. What does he intend to do with this list? Will it be used to incite reprisals against those who do not accept radical transgender ideology?

The idea that a biological male becomes a girl or woman simply by adopting stereotypical female behavior and dress is regressive and harms girls and women by reinforcing the very stereotypes that have resulted in the harassment, discrimination, and violence against girls and women.

While every individual is entitled to basic human rights, imagine the chaos that would ensue if all of the controversial “gender identities” that have been conceptualized are established as part of a protected class. The New York City Commission on Human Rights “gender identity” policy now recognizes 31 genders and already multiple complaints have been filed against individuals or businesses accused of discriminating against these “identities.” If found guilty, these individuals or entities could be forced to pay fines up to \$250,000.

We strongly oppose the Independent SOGI Expert’s attempts to undermine the hard-won advancements of women and girls whose rights and private spaces are being violated by men who identify as women.

Respectfully,
