Dear Mr Kompass, dear Ms Kran,

Subject: Joint Zambia UNCT submission to the UPR

We are pleased to share with you the joint Zambia UNCT submission and contribution to the Universal Periodic Review (UPR) of Zambia.

The submission has been prepared by a UN inter-agency team and has provided an opportunity to foster dialogue across UN agencies on the promotion and protection of human rights in Zambia. The UN has also engaged in a dialogue with civil society organisation as part of the process of compiling and reviewing information.

We appreciate the opportunity to provide input to the UPR process and will continue to support Government of Zambia in implementing its human rights obligations, including UPR and other human rights mechanisms' recommendations.

Yours sincerely,
