Activities

Tuvalu Brethren Church (TBC) was a religious organization first registered in Tuvalu in 2002. Its activities include weekly Bible studies, preaching of the Gospel of Jesus Christ and conducting worship services to God on Sundays. The Church visited the Prison and Hospital once every month.

Tuvalu Brethren Church had one preschool called "Grace Preschool" for schooling of 3-5 years old children. The Church Youth had one fishing boat to support Church activities.

The main vision of the Church was to save the soul of Tuvaluan people to the Kingdom of God by preaching repentance and Jesus Christ as the only way to heaven.
