PREFACE

The Ministry of Basic and Secondary Education is pleased to release the 2018/2019 Education Statistics as part of the Monitoring and Evaluation system of the Education Sector. The Education Policy prioritizes the Education Management Information System (EMIS) agenda for effective education planning and policy making which is based on a rigorous monitoring and evaluation of the sector performance. In our endeavour to improve the delivery of education services in the Gambia, the stakeholder group in education, including the Senior Management Team (SMT) of the Ministry, are being urged to effectively utilise the information contained in this publication.

Finally, I would like to express my sincere gratitude to all the Early Childhood Development Proprietors as well as Lower Basic Head teachers, Upper Basic and Senior Secondary School Principals for working hand in glove with the Regional Directorates and the Planning Directorate to provide timely and invaluable data to assess the education system and to support planning and decision making processes. Without these data, the EMIS would not have completed and this publication would never have been possible. I would also like to take this opportunity to commend and congratulate the Planning Directorate for their commitment in ensuring a timely release of the much needed information to guide the implementation of our current Education Policy in accordance with the objectives of the Sustainable Development Goals (SDGs) and our National Development Plan.

A handwritten signature in blue ink, appearing to be 'Claudiana A. Cole'. The signature is fluid and cursive, with a long horizontal stroke at the end.

Honourable Mrs. Claudiana A. Cole
Minister of Basic and Secondary Education

FORWARD

The 2019 Education Statistics publication is a combined edition from 2009/2010 to 2018/2019 academic year with the primary aim of disseminating statistical information related to Basic and Secondary Education from Early Childhood Education to Senior Secondary School. The publication includes a selection of data from all educational institutions, both Public and private, including the Madrassahs. The publication contains information on various education matrices such as the core indicators of access, quality, efficiency and equity; as well as the number of schools including ECD, enrolment, teachers and teacher utilisation indicators from the EMIS database.

The EMIS Unit under the Planning Directorate fulfils an institutional mandate to collect, process, analyse and report comprehensive statistics that describe the condition of the Basic and Secondary Education system in the Gambia. Based on a national and regional set of Norms and Standards, EMIS activities are designed to address priority data needs; that are consistent, reliable and timely education indicators to policy makers, various stakeholders and the general public.

The publication contains five introductory sections: A Preface by the Honourable Minister of Education, a Forward by the Director of Planning, followed by the Structure of the Education System, the Methodology and concludes with a Glossary of commonly used terms. The remaining five sections provide data on Early Childhood Care and Development, Early Childhood Education, Lower Basic Education, Upper Basic Education, and Secondary Education. The publication can be accessed on line from <http://www.edugambia.gm/data-area/publications/year-book-2019.html>.

We strive to disseminate in a variety of formats including the publication of this report on the Ministry's website and through other forum such as the Coordinating Committee Meeting (CCM) email list server. If you have any comments or suggestion about this publication or any other reports please direct your comments to; info.emis@edugambia.gm

STRUCTURE OF EDUCATION SYSTEM

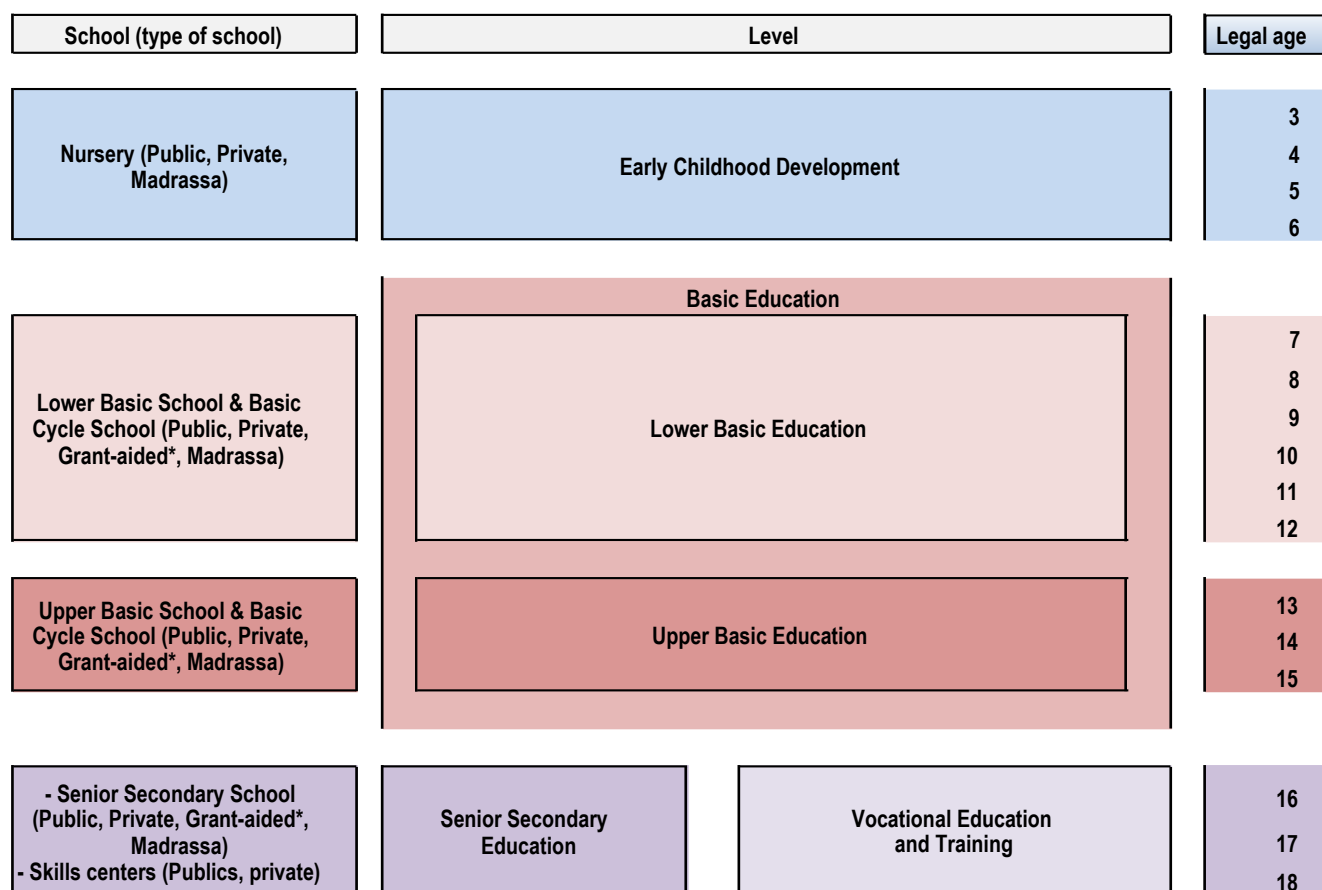

Figure 1 : Education System Structure - Source: CSR, 2010

Figure 1 depicts the structure of the Ministry of Basic and Secondary Education system in The Gambia is 3-6-3-3 that is; 3 years of Early Childhood and Development (Levels 1, to 3); 6 years of Lower Basic Education (Grades 1 to 6); 3 years of Upper Basic Education (Grades 7 to 9); 3 years of Senior Secondary Education (Grades 10 to 12). The official school attending age ranges from 3-6 for ECD, 7-12 for lower basic, 13-15 for upper secondary, 16-18 for senior secondary and 20-24 for university education.

National Assessment Test (NAT) for grades 3, 5, and 8 mandatory exams for all schools irrespective of ownership and management type is institutionalized to inform the education system on pupil's performance at the respective education levels. While there is no completion exam at the end of the lower basic education level, the Gambia Basic Examination Certificate Exam (GABECE) is a terminal exam which is also used for selecting students into the senior secondary school. The West Africa Senior Secondary Examination Certificate (WASSCE) marks the completion of the SSS and the results of the WASSCE is used for the selection of student for further higher and tertiary education

as well as for certification.

METHODOLOGY

EMIS data is collected annually in November, indicative *Provisional Figures* release in February and *Final Figure* published in May. Using specifically designed data collection questionnaires for acquiring and processing education statistics underpinned by national and regional quality standards that are subjected to audits and compliancy monitoring along the statistical value chain.

Based on the School List for all established educational institutions; ECD, LBS, UBS and SSS a questionnaire accompanied by a set of completion guidelines is provided to cluster monitors. Regional training workshop is conduct by selected Planning Directorate staff to facilitate the training session with the main objective of orienting the cluster monitors to successfully complete the questionnaire with the head teachers at the school ground. The training session is used as a medium to provide feedback to school and centre heads. (Summary of analysed data of the previous year data - a single page depicting aggregated statistics by national, regional, cluster and school levels indicators is given to each school and Center.)

Following the training, Planning Directorate staff visit every region and collect the questionnaires as well as perform a critical quality task of verifying the content of the questionnaire at the region education directorate. The Provisional Figures are derived from the inventory of the questionnaires before they are submitted for Data Entry into the EMIS database.

Over the recent years, the experience gained from the fifteen day statistics collection using tablets and the involvement of the regional education directorate (planning focal points and cluster monitors) contributed immensely in early publication of the Statistical Yearbook in March instead of the May deadline. Thus reducing the reporting timeline from six to four months this academic year 2018/2019.

Data Entry and Quality Checks

With this data collection strategy, the coverage has been unprecedented and the Response Rate surpassed 95% consecutively for the combined 7 years in this publications. Data on population is obtained from the Gambia Bureau of Statistics (GBoS). (Data Entry Database which integrated essential quality controls using the previous years' data as reference point.)

GLOSSARY
