Dear Sir:

We are NGO youth organization in the Syrian Arab republic of 2.5 million of Youth members (male and Female). We are an organization working in the youth educational cultural, art, social fields and also in the field of cultural dialogue among civilization we have a wide range of relation in with most of the UN organization we have joint programs with them also through youth exchange we have deep relation with the youth on the national, regional and International level in the field of youth, we are also proud of our International relations, we participate usually in all International activities concerning youth.

Among our International relations we have youth exchange with the youth of the Republic of Cuba we had many joint activities (we are members of many World Youth organizations we have exchange of Delegation, Participation in Peaceful & Friendship Activities) we find out that the Cuban youth and people through enjoyed great deal human rights in many fields and they are represented actively in all aspects of life in their country (They participate in the elections they choose their representative and they are widely represented in all aspects of life in Cuba.

Dear Sir: We fid out that the Cuban people have a lot achievements in the field of Human rights they have equal rights in Gender they have free education and they have free access to hospitals and Universities many other human services.

Dear Sir: Please kindly be informed that through our youth exchange with the Cuban we 'd like to stress what we have observed the human tendency of the Cuban Gov. and the Cuban enjoyed and practicing human rights clearly obviously.

The executive Bureau of our youth organization would like to avail this opportunity to thank you for your consideration of our letter and we hope to convey to you the best regards and high respect for you efforts in the human rights field.

Sincerely yours
Dr. Adnan Arbash
