¹ 2010 will mark the 5th year since the last due date in the year 2000, meaning that Lebanon will then owe its 4th report.

² In its concluding observations in 2006, the CRC requested that the Lebanese government submit the 4th and 5th period reports combined as one report in 2001, as an exceptional measure, due to the overload of reports that need to be considered by the Committee.

³ CEDAW requested that the Lebanese government submit the combined 4th and 5th report by 2014.
